For night time parties we require that you organise a bus or transport to bring them in and then to return them home or to their accommodation at midnight. Bush camping is not an option for parties.

EXTRAS:

Set up on the morning of the party and tidy up completed before midday the following morning. All rubbish, cigarette butts, bottle tops, broken glass is to be removed off site or you can arrange to pay us to take it to the dump after you tidied up.

SMOKERS: Our venue is pristine and as such smokers will be required to have a specific nominated area of your choice, outside of the shed, where they smoke, it is highly recommended that you encourage the use of our specific cigarette disposal bins. Any time taken by our staff picking up loose butts will be deducted from the bond.

Our Neighbours, we will also ask that you remain considerate of our neighbours and turn the music down a notch or two around 11 pm, we are happy for you to keep partying, just with a few less decibels as we have been advised that the noise travels on still nights.

Road dust is a problem on our unsealed road so we like that our patrons drive slowly to reduce dust and to beware of our wonderful active wildlife population which often feeds on the side of our road.
