MORE INFORMATION

Food Vendors, There are so many great local food vendors depending on your budget and food preferences; Creative Cater, Dunlops Catering, Golden Roast, BBQ Infusion, Smoke it

EXTRAS:

The venue will be available by appointment, for practice run throughs and visits by yourself and suppliers. We are able to ensure gates are open for pick up and drop offs of equipment from hire companies and for any meetings you would like to have at the barn. If our horses are in the paddock, these meetings must be supervised by a member of staff.

We give you the venue over 3 days - the day before the ceremony, the day of the wedding and the day after for clean up, with all rubbish removed 36 hours after your event, or by an agreed time if we have another event booked in directly after your event.

SMOKERS: Our venue is pristine and as such smokers will be required to have a specific nominated area of your choice, outside of the shed, where they smoke, unfortunately in the past they have left their butts behind for others to collect, so it is highly recommended that you also provide specific cigarette disposal bins. Any time taken by our staff picking up loose butts will be deducted from the bond.

Our Neighbours, We will also ask that you remain considerate of our neighbours and turn the music down a notch or two around 11 pm, we are happy for you to keep partying, just with a few less decibels as we have been advised that the noise travels on still nights.

Road dust is a problem on our unsealed road so we like for our patrons to drive slow to reduce dust and to beware of our wonderful active wildlife population which likes to feed on the side of our road.

With the stunning backdrop of the mountain Gai-i which turns oranges and reds as the sun drops below the horizon on sunset
